

HEART
CONDITION

Comfort
Keepers®

a sodexo* brand

Do you need help
transitioning home after
treatment for:

- Acute Myocardial Infarction
- Congestive Heart Failure
- or Other Heart Conditions

For more than 15 years, Comfort Keepers® has helped people transition safely and happily home after treatment at a medical facility. We have developed a **30 day service package** which helps you during this period of recovery. Our staff is trained to help you achieve your goals.

KEEPING THE COMFORTS OF HOME™

30 Day Service Package Comprised of the Following:

FREE
Personal
Emergency
Response System
included with
service.

Initial assessment and care coordination with Skilled Agency (if applicable). Plan of care developed and implemented.

Day 1-7: Daily 4-hour visits by the caregiver to assist with medication reminders, daily weights if indicated, transportation to cardiac rehab/therapy and to physician appointments, personal care, housekeeping, meal preparation, errands such as grocery shopping for low sodium/low saturated fat foods, and pharmacy visit for medication pick up.

Day 8-14: Four 4-hour caregiver visits for the above services. On the 3 days no services are being provided, daily check-in call from the care coordinator to evaluate the progress towards wellness and to identify any additional needs.

Day 15-21: Three 4-hour caregiver visits for above services. Daily check-in call by the care coordinator on the 3 days no services are being provided.

Day 22-30: One or two additional 4 hour caregiver visits. Prior to day 30, care coordinator will conduct a home visit to assess for additional service needs and readiness for discharge.

Standard Rate: \$1792 to \$2016
